

# dream

Creating a world where all youth have equal access to education!

**dream** is a charitable organization that builds a community's capacity to better serve youth by providing social, financial and academic support to students.

**dream** offers a four-year, youth-mentorship program, and hosts special events and community-building projects that help develop self-awareness, community awareness and social awareness.

Each year **dream** expands as it welcomes a new class of grade 9 students while continuing to support students in grades 10,11, and 12. **dream** needs your support!
